

Why OrthTeam?

OrthTeam offers a truly unique proposition in the UK, combining a long-established brand, state-of-the-art facilities, and a collaborative, consultant-led model. Our focus on patient care, innovation, teamwork and professional support offers our Consultants to be part of something truly exceptional.

- **A Long-Established MSK Brand with a Proven Track Record**

OrthTeam is a highly respected and trusted name in musculoskeletal care, with a reputation built on many years of excellence and patient satisfaction.

- **Collaboration and Teamwork**

Collaboration and teamwork is a key OrthTeam value, you will join a group of dynamic, supportive and highly experienced Consultants in a team-based environment where multidisciplinary teamwork across the full range of MSK conditions, peer support, and clinical excellence are at the heart of everything we do.

- **Modern, State-of-the-Art Facilities**

Work in a state-of-the-art environment designed by OrthTeam. Benefit from the latest imaging technology, supported by a dedicated urgent radiology admin team, ensuring a responsive and efficient service to Consultants and patients.

- **Trusted by Professional Sports Teams**

OrthTeam's consultant group is highly regarded by professional sports organisations, offering you the chance to work with elite athletes and expand your professional network.

- **The Largest SEM Hub in the North**

With our expansion into Sports and Exercise Medicine (SEM), OrthTeam is positioned as the leading SEM hub in the region, offering a source of referrals and greater opportunities for growth and collaboration.

- **Comprehensive Business and Marketing Support**

Access to dedicated marketing, social media, and business support services such as medical secretarial services, allowing you to focus on delivering exceptional patient care. We will help you grow and develop your private practice.

- **Unique Networking and CPD Opportunities**

As part of our OrthTeam Academy, you'll have opportunities participate in our highly respected CPD events, such as the annual Sports Symposium, and build valuable connections with referrers and leaders in the field.

- **Innovation and Corporate Social Responsibility ("CSR")**

OrthTeam is committed to working with local partners and community groups to innovate in clinical pathways and service delivery, with a strong focus on patients - leveraging our breadth of multi-disciplinary experience and resources. CSR is important to us, an example of this being OrthTeam's work with CRY (Cardiac Risk in the Young).

- **Future Growth and Legacy**

The OrthTeam Centre and proposition is shaped by us, the Consultants, with the operational support of Spire Healthcare. We are clear in our Values and we are clear we wish to provide opportunities for the next generation of Consultants to benefit from clear succession planning, such as retiring Consultants, and with the opportunities to invest, shape and contribute to OrthTeam's success for many years to come.
